

MATERIAL SAFETY DATA SHEET

Odor Barrier-Water Soluble

Date Updated: 11/30/2009

SECTION 1 – MATERIAL AND MANUFACTURER IDENTIFICATION

Product Identifier: Odor Barrier
Product Use: Odor control

MANUFACTURER

CTI (Chemical Technologies International Inc.)

PO BOX 968

Rancho Cordova, CA 95741

Phone: (916) 638-1315 Fax: (916) 638-0712

Emergency Assistance Calls: Chemtrec (800) 424-9300 (U.S.A.) 24hrs.

SECTION 2 – COMPOSITION / INFORMATION ON REPORTABLE HAZARDOUS INGREDIENTS

COMPONENT

CAS

Dipropylene glycol methyl ether 34590-94-8

Diethylene glycol methyl ether 111-77-3

(SEE SECTION 8 FOR EXPOSURE GUIDELINES)

SECTION 3 – Hazards Identification

Off white liquid with light scent.

Emergency Overview

Potential Health Effects

Routes of entry: (skin: yes) (inhalation: yes) (ingestion: yes) (eye: yes)

Inhalation:

Overexposure to vapors and spray mist in poorly ventilated areas may cause irritation.

Eye Contact:

Direct contact with product may cause irritation.

Skin Contact:

Repeated or prolonged exposure may cause mild irritation.

Ingestion:

Will cause mouth, throat, esophagus and stomach irritation, nausea, vomiting and diarrhea.

Chronic effects: Not established.

NFPA GUIDE

HEALTH HAZARD (BLUE)	1
FLAMMABILITY HAZARD (RED)	1
REACTIVITY HAZARD (YELLOW)	0
OTHER HAZARD (WHITE)	

MATERIAL SAFETY DATA SHEET

SECTION 4 – FIRST AID MEASURES

Inhalation: Remove to fresh air. If breathing is difficult, have trained person administer oxygen. If breathing stops administer artificial respiration. Get medical attention immediately.

Eye Contact: Immediately flush eyes with a directed stream of water for at least 15 minutes, forcibly holding eyelids apart to ensure complete irrigation of all eye and lid tissue. Washing eyes within several seconds is essential to achieve maximum effectiveness. Get medical attention if irritation persists.

Skin Contact: Flush thoroughly with cool water while removing any contaminated clothing and shoes. Wash clothing before reuse. Get medical attention if irritation persists after washing.

Ingestion: Get medical attention immediately.

SECTION 5 – Fire Fighting Measures

Flashpoint: >150F

Flammable Limits: N/A

Auto ignition Temperature: N/A

General Hazard:

None Reported

Special Fire Fighting procedures:

None reported

Hazardous combustion products:

None known.

SECTION 6 – ACCIDENTAL RELEASE MEASURES

Small Spills: Wipe or mop up and dispose of in DOT approved waste container.

Large Spills: Contain by diking with soil or other non-combustible sorbent material, then dispose into DOT approved waste container. Comply with all applicable governmental regulations on spill reporting, handling and disposal of waste.

Contain all spills or leaks to prevent discharge into the environment. All spills or releases should be reported to the appropriate local, state and federal agencies.

SECTION 7 – PRECAUTIONS FOR SAFE HANDLING AND STORAGE

Work and hygiene:

This product is professional strength product to be used by professionals only.

As with all chemicals, practice good industrial hygiene when handling this product. In other words, always work in a well-ventilated area and avoid inhalation of product dust, vapor or mist, do not ingest or have contact with your eyes or skin.

Storage and handling:

Employees should be trained to handle this product safely. Store the product in a cool dry area away from ignition sources.

Storage temperature: store in cool dry place. .

Storage pressure: Atmospheric

Avoid excessive heat, spark or open flame.

The manufacturer and seller warrants that this product conforms to its standard specifications when used according to directions. As the conditions of method of its use are beyond our control, we do not assume any responsibility and expressly disclaim any liability for use of this product. Information contained herein is believed to be true but all statements and suggestions are made without any warranty, expressed or implied, regarding accuracy of the information. The hazards connected with the use of this material and the results to be obtained from the use thereof.

MSDS Product: Odor Barrier

MATERIAL SAFETY DATA SHEET

SECTION 8 – EXPOSURE / PERSONAL PROTECTION

EXPOSURE LIMITS

Exposure limits have not been established for this mixture. However limits for individual ingredients at 100% concentration by number listed in section 2 are listed below:

<u>COMPONENT #</u>	<u>OSHA PEL</u> <u>TWA STEL</u>	<u>ACGIH TLV</u> <u>TWA STEL</u>	<u>NIOSH</u> <u>TWA STEL</u>
1. Dipropylene glycol methyl ether	100PPM 150PPM	100PPM 150PPM	
2. Diethylene glycol methyl ether	n/a	n/a	

Personal Protection:

To minimize exposure to all chemicals, including this product, use good industrial hygiene and common sense:

Ventilation and engineering controls: Use only in well ventilated area. If necessary, use exhaust ventilation to insure adequate ventilation. Insure that water is readily available and that you are prepared to properly wash out your eyes should the need arise. (Refer to section 4).

Respiratory: Wear NIOSH/MSHA approved organic respirator when ventilation is not adequate or when the sufficiency of ventilation to maintain concentrations below exposure limits is in question.

Eye Protection: Wear safety goggles to protect against eye contact. See OSHA 29 CFR 1910.33

Skin: Wear chemical impervious gloves. Wear protective clothing appropriate for the task to prevent skin contact.

Other: One should always use chemicals with an awareness of the potential hazard of the effect on the human system.

SECTION 9 – Physical and Chemical properties

PH: 9.0

Vapor pressure: not available

Vapor density: not available

Boiling point: not available

Freezing/Melting point: N/A

Solubility in water: 100% soluble

Flammability: Not Flammable

Particle size: N/A

Evaporation rate: not available

Viscosity: N/A

SECTION 10 – Stability and Reactivity

Chemical Stability: Stable under room temperature and atmospheric pressure. Stable under recommended storage and handling conditions.

Conditions to avoid: Keep away from heat, sparks, open flame or excessive pressure.

Incompatibility with other materials: None reported.

Hazardous combustion or decomposition products: None reported.

Hazardous polymerization: Major components of this mixture show no hazardous polymerization.

MATERIAL SAFETY DATA SHEET

Section 11- Toxicological Information

Toxicological information has not been established on this mixture. However information for 100% concentrate of individual ingredients by number from section 2 are given here.

<u>Component #</u>	<u>Information</u>		
1. Dipropylene glycol methyl ether	LD50 RAT	5.4ML/KG	
2. Diethylene glycol methyl ether	n/a		n/a

Section 12: Ecological Information

Ecological information not available on this mixture.

Section 13- Disposal practices

Dispose of all waste, empty bottles and contaminated equipment in accordance with all applicable federal, state and local health and environmental regulations.

Do not dump into storm drains or any body of water. All disposal methods must be in compliance with all federal, State/ Provincial and local laws and regulations. Regulations may vary in different locations.

Waste characterizations and compliance with applicable laws are the responsibility solely of the waste generator. The vendor has no control over the management practices or the processes by which the party who handles or uses this material. The information presented here pertains only to the product as shipped in its intended condition and recommended usage.

Section 14- Transport information

Consult 49 CFR to assure compliance with all applicable federal, state/provincial and local laws and regulations that may apply to you.

Freight classification: NMFC: 149980/ SUB2

Section 15- Regulatory Information

US Federal Regulations:

OSHA standards require that information be provided to employees regarding the hazards of chemicals by means of a hazard communication program including labeling, MSDS sheets, training and access to written records. We request that you, and it is your legal duty to, make all information in this material safety data sheet (MSDS) available to your employees and those who handle or consume the product.

To aid our customers in complying with regulatory requirements regulatory information for components of this product are indicated below.

OSHA: Not carcinogenic, **SARA 313 Title III& 40 CFR Part 372:** CAS# 00111-77-3,

State Lists:

CA VOC compliant

CA Prop 65 compliant

EC Safety(S) and Risk(R) Phrases:

S2, S26, S46,

MSDS Product: Odor Barrier

MATERIAL SAFETY DATA SHEET

Section 16- Other Information

All information appearing herein is based upon data obtained from the manufacturer and /or recognized technical sources of each individual component. While the information is believed to be accurate, CTI makes no representations as to its accuracy or sufficiency. Conditions of use are beyond CTI's control and therefore users are responsible to verify this data under their own operating conditions to determine whether this product is suitable for their particular purposes and they assume all risks of their use, handling, and disposal of the product, or from the publication or use of, or reliance on information contained herein. This information relates only to the product-designated herein, and does not relate to its use in combination with any other material or in any other process.
